Kapitel 1

Stay strong

Crying

Shouting

Running away from the world

You're failing

You're a loser

What can you do to be great?

You have to fight

Stay strong

Don't let the world see your pain

Look like the sun if you feel like the rain

Everytime you do something wrong

Stand up again and say

You're strong

Failing

Losing

Fighting for that what you want

If you hear me

Then show me

Everything that you do can work

You just have to try

You just have to try

And you have to fight

Stay strong

Don't care if they say you're weak

Don't listen to them, strive to the peak

And when the way seems too long

Take a deep breath and say

You're strong

(Rap)

You got kicked to the ground, but you stood up again

The sun was shining, but you just felt like rain

You felt it was right, but you knew it was wrong
Inside of my head
It was good against bad
I'm going to fight
Beware of my bite
This is my song,
Stay strong

Don't let the world see your pain
Look like the sun if you feel like the rain
Everytime you do something wrong
Stand up again and say
You're strong
Don't care if they say you're weak
Don't listen to them, strive to the peak
And when the way seems too long
Take a deep breath and say
You're strong

(Stro-o-o-o-o-o-ng) Strong
(Stro-o-o-o-o-o-ng) Strong

Don't let the world see your pain
Look like the sun if you feel like the rain
Everytime you do something wrong
Stand up again and say

You're strong
